

Digital Info Systems – Privacy Policy

PRIVACY POLICY

We know that the privacy of your personal information is important to you. We respect your privacy and are committed to maintaining the confidentiality and security of any personal data which we receive from you and retain on your behalf.

We are committed to responsible data management and comply with applicable data protection legislation. We apply industry best practices to protect the security of the data stored on our systems. We will collect, store and use your personal information only to support and enhance your relationship with us. We will not sell your personal information to anyone. We will not disclose your personal information to anyone outside the Digital Info Systems organization, except as necessary to our trusted partners and suppliers to enable Digital Info systems to provide services to you.

You can browse the non-interactive parts of our Services without giving us any personal information, although automated information is conveyed about your computer or mobile device and the pages on our site you visit. If you don't agree with our Privacy Policy, you should not create an account or use the Digital Info Systems interactive services.

- You may contact us directly if you have any questions or concerns about the privacy of data you give us.
- In this Privacy Policy, references to 'Digital Info Systems' 'we' and 'us' are to Digital Info Systems, India.
- We may collect information from you via this website or by e-mail, telephone, live chat sessions, or alternate electronic or paper communication.
